Petition to Accept Color Drawings Or Photographs (37 C.F.R. 1.84(a)(2) and (b)(2))

COMMISSIONER FOR PATENTS
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

Petition is hereby made to accept color photographs as drawings in the above-identified application.

The present application includes Figures 1-10, of which Figures 2A, 2B, 2C, 3A, 3B and 3C are color photographs. Three set of color photographs are submitted herewith, along with formal drawings for the remaining Figures.

Please amend the specification by inserting the following language as the first paragraph of the specification beginning a brief description of the photograph (page 9, line 13):

"The file of this patent contains at least one drawing executed in color. Copies of this patent with color drawing(s) will be provided by the Patent and Trademark Office upon request and payment of the necessary fee."

It is believed that the photographs are needed for proper disclosure or protection of the invention and that acceptance of the photographs as drawings would require no substantial amount of additional work on the part of the Patent Office.
